

PRIVACY POLICY

Effective Date: September 26, 2026

Entity: Kinetic Bev Solutions

Application: TareFlow

1. OVERVIEW

Kinetic Bev Solutions ("we," "our," or "us") is committed to protecting your privacy. TareFlow is engineered as an offline-first, zero-database mobile utility designed strictly for professional cocktail batching and inventory calculation. This Privacy Policy explains our data practices regarding the TareFlow application and our associated web properties.

2. DATA COLLECTION & LOCAL PROCESSING

Zero Server Storage: TareFlow operates entirely on your local device. All ingredient specifications, OCR text processing, and batch calculations happen directly in your phone's local memory.

Data Ephemerality: We do not maintain external cloud databases, servers, or central logs. Your custom proprietary bar recipes, batch structures, and operational notes never leave your physical device.

No Personal Tracking: We do not track user behavior, log location data, or utilize third-party analytics software to monitor app usage.

3. SUBSCRIPTIONS AND FINANCIAL TRANSACTIONS

Subscription management and payment processing are handled exclusively through the official Apple App Store (iOS) and Google Play Store (Android) infrastructure, integrated via secure RevenueCat SDKs.

We do not collect, store, or process your credit card numbers, billing addresses, or banking credentials.

RevenueCat securely caches subscription verification entitlements locally on your device to maintain offline functionality without accessing personal user identities.

4. THIRD-PARTY DISCLOSURES

Because TareFlow is built as a self-contained, air-gapped utility, we do not share, sell, rent, or trade any user information with outside entities, advertisers, or data brokers.

5. CHILDREN'S PRIVACY

TareFlow is a professional hospitality tool intended for individuals of legal drinking age. We do not knowingly collect any information from individuals under the age of 18.

6. CHANGES TO THIS POLICY

We may update this Privacy Policy periodically to reflect app enhancements or legal requirements. Updates will be published directly on our official platform with a revised effective date.

7. CONTACT INFORMATION

For inquiries, compliance questions, or data deletion requests regarding this policy, please contact us directly:
